Tiger Wheels 2002 Ford Crown Victoria used by the police in PR no upper lights to catch the person and give a ticket. If you go fast in the street or pass a red light maibe this kind car its going to chaising youÂ to catch you because this car dont has police lights only the siren. We calling to0 The Police Phantom car. This is a PREVIEW EDITION I got only one of one hundred and this from Puerto Rico Finest Series edition not publicate in any catalog of Tiger Wheels.

Car: Diecast

Chassis(Base): Plastic

Wheels: Racing Wheels(Tiger Wheels) or Racer Edge(Johnny Lightning)

Very nice find. None of the State police cars here in New Mexico have roof lights anymore, they are built into the grills and back window decks. Was this a 2002 release, or more recent?
