

## Painter Needed

Posted by GrahamB - 08 May 2016 12:41

---

I am restoring some of my Matchbox collection. I need someone who can for a reasonable price respray one of my models. The current one on the work bench is a King Size ERF Ready-Mix Concrete Truck No. 13. It would be delivered disassembled so all that would be required would be preparation and painting. Someone in the US would be ideal but I would be happy to post it overseas.

Thanks

Graham

Hello Graham,

a warm welcome from the Netherlands. There are a few restores here. Can you please post some photos of the project?
