Hmmm, must be due to you being in Europe. Try going to Youtube and searching for Nobleco1.

That is where I posted it. I also found out that it was taken over by Google and had to change my log in. Note the different address. Youtu.be

Did anyone ever get to see this video? All about making a Hot Dog with a Crane of sorts and then feeding it to the guy in the first frame. Part of the final test for the class 9 operators certificate at the training school.
