

## Corgi Electro, Matchbox Scorpions and Hot Wheels Sizzlers?

Posted by chaccamacca - 02 Apr 2019 09:51

---

Is there anybody who can help me? I was looking for Corgi Electro cars and i found something about it.

But about i was reading i think that some motors they used are the same for all 3.

Corgi Electro, Matchbox Scorpions and Hot Wheels Sizzlers.

I know that Corgi used 2 different motors.

Corgi Electro cars and Matchbox Scorpions are hard to find but Hot Wheels sizzlers are easy to find.

I have found 3 Corgi Electro cars on ebay but i don't know if the motors are still running. I have found something on youtube about a guy who restores them and that was very helpfull.

So all help is welcome.Maybe there is on this forum somebody who has some experience with these kind of motors.

Thank you.

Looking good , there were quite a few different models in this series and the chargers with the boxes, Corgi knew how the world would change in the future in electric cars !
