

## My next project is a real challenge for 2021

Posted by RoutemasterNL - 15 Dec 2020 17:54

---

This car ambulance is owned by a local garage. He specializes in Panhard cars. I saw this ambulance and was convinced it was going to be my nex project.

I already ordered a Whitebox Citroën CX in scale 1/24. Now sourcing the other parts needed and contacting the owner. The real deal is 975cm long. Got to get my calculator out  
. More news will follow
