Welcome to the site!

The model cars boards have been very slow since the passing of Hippie, most of the car talk has been in the diecast section. Stop in up there and check it out. I've got some plastic to work on, just been swamped with a couple big builds for customers in diecast. As soon as I can clear some space, I'll be starting several builds in the model section.

Glad to have you on-board and the old box camra may suggest some of your interests in collecting.

**Yes, welcome to Toy Collector. Your in the right place is you want to chat about and show off your toys. I for one will be looking forward to seeing what you have in your collection. I am mostly into Diecast and have just recently started up my restoration business again for the fall and winter. Projects to come so watch for them. Maybe we can learn from each other.**
