

## New Member and Micro Models collector

Posted by Tactic - 18 Feb 2012 02:42

---

Hi, I'm a new member from BC Canada. Most of my collection is Lesney/Matchbox. I also collect Micro Models from Australia and New Zealand. Micros are quite hard to find these days, but I have managed to acquire some nice ones over the years like this Commer tanker and petrol pump. There are more pictures of my collection and information [here](#) for anybody interested in Micros.
